“Compulsory school age child” means a child who attained or will attain the age of six years on or before September 1 of the calendar year they wish to enroll in first grade. Kindergarten attendance is not compulsory; but a child wishing to attend kindergarten in the Quitman School District must be five years old on or before September 1 of the calendar year they wish to enroll.

School Admission

The Quitman School District operates under a federal court order. Residency requirements are set by law and strictly enforced. The following requirements are minimum requirements which will be maintained on file. The school district reserves the right to require additional documentation and verification at any time.

TRANSFER STUDENTS

1. No student is to be enrolled in this school district until any and all questions regarding residence or immunizations have been resolved.
2. Students suspended or expelled from another school or school district may not be allowed to enroll. 37-15-9 (3)
3. No pupil shall be permanently enrolled in a school in this school district who formerly was enrolled in another school within the state or outside the state until the cumulative record of said pupil shall have been received from the school from which he transferred. Should such record have become lost or destroyed, then it shall be the duty of the superintendent or principal of the school where the pupil last attended school to initiate a new record. 37-15-9 (1)
4. Unless a transfer student is tested in the manner provided in paragraph 5 below, the student will be permanently enrolled and placed in a grade or class on the basis of an official transcript of credits from the last school attended. 37-15-33
5. All students seeking to transfer from any school, public or private, within or outside of the boundaries of the State of Mississippi, to this school district shall be required to take a standardized test to determine the grade and class to which the pupil shall be assigned at the time of pupil transfer.
The administrative head of the school shall administer the test or tests to such pupil or pupils as shall apply for transfer to such public school. Such test or tests shall be administered within thirty days after the filing of each such application for transfer. Notice of the giving of such test shall be given the applicant not less than five days prior to the date of the administration of such test.

No transfer of a pupil shall be affected until the test has been given and the pupil is assigned to the grade and class for which the test shows he is best suited. No pupil shall be assigned to a grade and class more than three (3) grades above or below the grade or class that the pupil would have been assigned to had the pupil remained in the school from which the transfer is being made. Pending the administration of the test herein provided for and its grading and an assignment based thereon the superintendent of this school district or the attendance center principal to which the pupil seeks admission may assign the pupil temporarily to a grade and class comparable to that in which the pupil would have been had the pupil continued in the school from which the transfer was being made.

If any student is transferred or reassigned within this school district by an order of the board of trustees of this school district as designated by law of the State of Mississippi and not at his own request, the requirement of that pupil's taking the standardized test shall be waived. Likewise, if a pupil shall transfer from one school district to another school district in the manner provided and required by the laws of the State of Mississippi, the requirement of such pupil taking the standardized test shall be waived. 37-15-33

6. Any legal guardianship formed for the purpose of establishing residency for school district attendance purposes shall not be recognized by this school board. 37-15-31 (1) (d)

Notice for Directory Information

The Family Educational Rights and Privacy Act (FERPA), a Federal Law, requires that **Quitman School District**, with certain exceptions, obtain your consent prior to the disclosure of personally identifiable information from your child's education records. However, **Quitman School District**, may disclose appropriately designated "directory information" without consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Quitman School District to include this type of information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories—names, addresses and telephone listings—unless parents have advised the LEA that they do not want their student's information disclosed without prior written consent.⁽¹⁾

If you do not want **Quitman School District** to disclose directory information from your child's education records without your prior written consent, you must notify the Principal (of the Building in which your student attends) in writing by September 1st (of each year). **Quitman School District** has designated the following information as directory information: [**Note: an LEA may, but does not have to, include all the information listed below.**]

- **Student's name**
- **Address**
- **Telephone number**
- **Electronic mail address**
- **Photograph**
- **Date and place of birth**
- **Major field of study**
- **Dates of attendance**
- **Grade level**
- **Participation in officially recognized activities and sports**
- **Weight and height of members of athletic teams**
- **Degrees, honors, and awards received**
- **The most recent educational agency or institution attended**
- **Student ID number, used ID, or other unique personal identifier used to communicate in electronic systems that cannot be used to access education records without PIN, password, etc. (A student's SSN, in whole or in part, cannot be used for this purpose.)**

Footnotes: 1. These laws are: Section 9528 of the Elementary and Secondary Education Act (20 U.S.C. § 7908), as amended, and 10 U.S.C. § 503©, as amended.

ATTENDANCE/ABSENCES/TARDIES

Attendance

The Quitman School District believes that school attendance is necessary for students to perform academically at a high level. With this in mind the following attendance requirements are in place at all secondary schools:

Students may miss no more than 12 unexcused days in a full year course and no more than 6 unexcused days in a one semester course.

Students in an alternative school program: will adhere to the requirements of the student's respective school.

Parents/Guardians will be notified of excessive absences.

The following are excused absences:

1. Illness
2. Serious family illness or death
3. Emergency medical or dental attention
4. Religious holidays
5. Absences approved **in advance** by the administration
6. Official absences (school related)
7. Absences that are excused based on parent notes will be limited to two "days" per semester

A student will not be allowed to participate in any school activity on a day when they are absent from school or check out before the end of 5th period.

ADMITTANCE AFTER ABSENCE

A written excuse must be submitted to obtain admittance to school after an absence. The excuse shall contain the date written, the cause of absence, the parent/legal guardian's signature. A medical excuse may be required at the discretion of school personnel, depending on the total number of absences recorded for the student.

The cut-off day for acceptance of doctor's excuses/parent notes is 3 days after the student returns to school. After such day, no absences will be excused.

ADMISSION TO BUILDING: QUITMAN JUNIOR HIGH

Each day when you arrive on campus you are to go to cafeteria and then homeroom or straight to your homeroom if you are not eating breakfast. Exceptions will be band students who need to take their instruments to the band hall or students who bring athletic bags that will be taken to the gym. No students are allowed out of homeroom without a proper pass.

ADMISSION TO BUILDING: QUITMAN HIGH SCHOOL

Students are not permitted in the building before the 7:45 A.M. bell. Students are to wait in the break area next to the cafeteria. Students who have a pass from a teacher will be admitted to the building prior to the morning bell.

CHECK-OUTS

Students are not allowed to leave the school campus during the school day. Students will be released only to the persons who are listed on the Authorized to Check-out form.

Requests for early release, made in writing or by telephone, will not be accepted. The Parent/Guardian must notify the office in person of any individual who cannot check a student out.

Any student who is not picked up at dismissal time will be taken to DHS for pick-up.

COLLEGE DAYS: QUITMAN HIGH SCHOOL

Students who are classified as seniors will be permitted two excused college days *per semester* during their senior year in addition to the one excused required visit to Jones Community College for all seniors. These visits should be used during the months of September through April. Students wishing to make a college visit should submit a **request** in writing one week prior to the scheduled visit. In order for the absence to be excused, the student must present a signed college visitation form upon his return to school. A college day absence will not count against exam exemption.

MAKE-UP WORK

- Students will take previously announced quizzes and tests and hand in previously announced assignments the day they return to class.

- Students must get make up work from their teachers on the day they return to school.
- Students absent have the same amount of time to complete an assignment as students who were present. (*For example, is a student that was present had one day to complete the assignment, the student who was absent has one day to complete the assignment.*)
- Make up work must be returned to each teacher at the beginning of each class period. Student assumes responsibility to turn make up work in on time.
- Weekend and vacation days count as days to make up work.
- Students who miss multiple days must adhere to the following guidelines:
 - One-day make up for each day missed.
 - Return make up work in the order it was assigned.
 - Make up work not accepted after the due date.

Depending on the nature of instruction, the student may be provided additional assignments to compensate for their absence from class or class activities that cannot be made up. In cases of extended absences due to serious illnesses or hospitalization, parents should contact the grade-level counselor for assignments.

PERFECT ATTENDANCE

A perfect attendance certificate will be awarded only to those students who have not been absent, tardy or signed in or out from any class for any reason during the entire school year.

TARDINESS TO SCHOOL OR CLASS

High School: Students late to class should report to the classroom. The classroom teacher will enter the student's name on the daily tardy report form. Students arriving late to school must sign-in at Office B. Tardy consequences will be determined on the following scale: (per nine week period).

After the records are located and made available for inspection and/or duplication, the originator of the request will be notified of a time, place and date, not later than seven (7) business days from the date of the receipt of the pre-payment of all copying, retrieval, and mailing expenses.

Any request which will require considerable assistance of school personnel for searching and reviewing shall be subject to a minimum deposit of \$50.00. BUS TRANSPORTATION

The Quitman School District operates transportation services as required by state law which directs that all school districts furnish transportation to pupils living one or more miles from their attendance center. All district transportation service is handled through the Quitman School District Transportation Department. This department provides training to drivers, and informational programs to administration and students emphasizing transportation regulations and bus safety.

It is the driver's responsibility to drive safely. It is the student's responsibility to behave appropriately. The purpose of any rule or regulation related to bus transportation is to insure the safety of our students and to provide for an

orderly operation of the bus. Parents, students and school personnel can be most effective in promoting safety and orderly conduct when they work together.

Riding the school bus is a privilege. This privilege carries with it some responsibilities on the part of the student. Behavior which prevents the driver and the student from having a safe trip to and from school will not be tolerated.

Any violation of conduct by students, performed while on the school bus, waiting to board the school bus, or departing from the school bus, shall be addressed by utilizing the assertive discipline steps prescribed for elementary and secondary levels in the respective handbooks. Students may be denied the privilege of riding the bus because of improper behavior, including the suspension of the privilege of riding the bus for the remainder of the school year, if the Superintendent determines the action is necessary for the safety of the other students on the bus. (MS State Code 37-7-301,e). Consequences for misconduct on the bus will be consistently applied. Disciplinary problems on a bus may result in loss of riding privileges.

Any questions regarding school transportation should be directed to Office of Transportation, Quitman School District, (601) 776-1048.

BUS VIDEOS

The Board of Education recognizes the district's continuing responsibilities to maintain and improve discipline and to insure the health, welfare and safety of its staff and students on school transportation vehicles. The Board supports the use of video cameras on its transportation vehicles as a means to promote the order, safety and security of students and staff.

Video cameras may be used on school buses to monitor student behavior while traveling to and from school and school activities. The Board believes that such monitoring will deter misconduct and help to ensure the safety of students and staff. Students found to be in violation of the district's bus conduct rules shall be subject to disciplinary action in accordance with district policy and regulation.

Due to Federal Laws regarding the rights to privacy for all individuals, only appropriate school personnel may view the video footage recorded by bus cameras. Parents will not be allowed to view any video footage recorded by bus cameras.

CARS ON CAMPUS

Use of cars on campus by high school students is a privilege, not a right. Students must comply with all regulations regarding parking decals, parking assignments and rules of the road. Failure to abide by these regulations may result in revocation of the privilege of having a car on campus. **Students will not be allowed to have a car on the Quitman Junior High campus**

CHILD FIND PUBLICITY CAMPAIGN

It is the policy of the Quitman School District that the district-wide child identification, location, and evaluation process in Quitman be ongoing. Local school district personnel are continuing the search for un-served children with disabilities in the age range birth through 21 years of age.

The child-find director works with the local Head Start, Welfare, Health and Mental Health agencies, as well as local education agencies, physicians, licensed day care providers, local juvenile correctional facilities, and other individuals to identify and locate children out of school and in school who may be in need of special education services. Information which could identify an individual child will be maintained by this agency and will be provided to other agencies only in accordance with the Family Rights and Privacy Act and IDEA-B. As a parent, you are guaranteed the right to inspect any such information about your child and to challenge its accuracy. Access to this information is forbidden to any unauthorized person without informed consent. If you have questions regarding the collection, maintenance, and use of data about your child, please contact:

Child-Find Director
Quitman School District
104 East Franklin Street
Quitman, MS 39355
(601) 776-3754

The child-find director is responsible for district-wide coordination of the planning and implementation of the child identification, location, and evaluation effort of children (birth through 21) who have disabilities (regardless of the severity of the disability), and who are in need of special education and/or related services.

The child-find director works with the local Head Start, Welfare, Health, and Mental Health agencies, as well as local education agencies, physicians, and other individuals to identify and locate children out of school and in school who may be in need of special education services.

Once a referral is made, it is the responsibility of the child-find director to ensure that the referral-to-placement procedures are followed.

COMMUNICABLE DISEASES POLICY JGCC

As required by state law, students with communicable diseases are not permitted to attend school. The recommended days to stay out of school are:

Mumps	Nine days
Measles	Until rash disappears
Scabies	Until treatment has been initiated
Ringworm	Until treatment has been initiated
Chicken Pox	One week
Impetigo	Until treatment has been initiated
Pink Eye	Three days
Fifth Disease	Until free of fever

Head Lice

If a child has head lice, the following procedures will be taken:

- Parents will be notified to pick up their child at school.
- After proper treatment with a killing product and removal of all nits, the child may return to school.
- Upon his/her return to school, an empty box, bottle or box top from the louse killing product used should accompany him/her.
- If a nit product requires a re-treatment, a re-treatment date should be scheduled for seven (7) days later and proof should be sent to the school.

During the school year, students may be screened for head lice. Screenings should be done by appropriate school staff. Throughout the year any student suspected of having head lice is examined by an appropriate staff member. Care is taken not to embarrass the student and to ensure that no stigma is attached to him/her.

Parents will be notified by phone or letter regarding appropriate treatment. If a live louse is found, the parent or guardian will be called to take the student home for treatment.

“If a student in any public elementary or secondary school has had head lice on three (3) consecutive occasions during one (1) school year while attending school, or if the parent of the student has been notified by the school officials that the student has had head lice on three (3) consecutive occasions in one (1) school year, as determined by the school nurse, public health nurse, or physician, the principal/administrator shall notify the county health department of the recurring problem of head lice with that student.” 41-79-21 (1999)

A student may return before the recommended number of days if he/she obtains permission from the attending physician or health nurse.

FEE POLICY

Policy JS **board approved: 06/29/2016**

This school board hereby authorizes the superintendent to charge reasonable fees, but not more than the actual cost, for the following:

- a. Supplemental instructional materials and supplies, excluding textbooks;
- b. Other fees designated by the superintendent as fees related to a valid curriculum educational objective, including transportation; and
- c. Extracurricular activities and any other educational activities of the school district which are not designated by the superintendent as valid curriculum educational objectives, such as band trips and athletic events.

All fees authorized to be charged under this policy, except those fees authorized under (c) above, shall be charged only upon the condition that a financial hardship waiver may be granted upon request pursuant to the following.

FINANCIAL HARDSHIP WAIVER POLICY

All fees authorized to be charged under subsections (a) and (b) of the Fee Policy above shall be charged only upon the following conditions:

1. Applications for hardship waivers shall be kept in the strictest of confidence with all files and personal disclosures restricted from review by the general public.
2. Pupils eligible to have any such fee waived as a result of an inability to pay for said fees, shall not be discriminated against nor shall there be any overt identification of any pupil who has received a financial hardship waiver by use of special tokens or tickets announcements, posting or publication of names, physical separation, choice of materials or by any other means.

Any family member who qualifies for the National School Lunch Program, as created by the Richard B. (FERPA) FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s educational records. These rights are:

1. The right to inspect and review the student’s education records within 45 days of the day the district receives a request for access.

Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or the eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate or misleading, or otherwise in violation of the student’s privacy acts under FERPA.

Parents or eligible students who wish to ask the Quitman School District to amend a record should write the School principal (or appropriate school official), clearly identify the part of the record the want changed, and specify why it should be changed.

If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to privacy of personally identifiable information in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has outsourced services or functions it would otherwise use its own employees to perform (such as an attorney, auditor, medical consultant, or therapist); a parent or student serving on an official committee, such as disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student’s enrollment or transfer. (NOTE: FERPA requires a school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request.)

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office (202) 260-3887
U.S. Department of Education TTD: (202) 260-8956
400 Maryland Ave. SW
Washington, D. C. 20202-4605

FIELD TRIPS/ACTIVITIES

Field trips and related activities are used as a means of extending our classrooms. All trips/activities are supervised by professional staff members of the school. Parents will receive field trip/activity notices in advance of the scheduled trip/activity date and will be asked to sign the forms giving students permission to attend.

Notice: Field trip/activity fees may not be refunded. Students with documented behavior issues may be required to have a parent chaperone or be denied the opportunity to attend.

Notice: Students will not be allowed to go on a field trip without a signed permission form.

FOOD SERVICE

Students are assigned a lunch number at the beginning of the school term. Students will be expected to memorize this number. Parents are requested to include their child's number in any correspondence regarding food service matters. The School Breakfast Program will operate from 7:30-7:45.

Student Pamphlets from the Child Nutrition Department will be sent home with the students. This pamphlet will contain the price listing of meals and extra foods. The teachers will be given the price listings also.

Sack Lunch: Students who bring bag lunches to school may purchase milk or ice cream products w/ their lunch.

Payment: Lunch money can be paid daily, weekly, monthly or yearly. Cash or check payment is accepted.

Charges: Elementary and secondary students are allowed to charge one lunch and breakfast. Parents will be notified of any charges.

Free and Reduced Price Meals: Free and reduced price meals are available for those students who qualify and complete the proper free & reduced application form. Applications for free and reduced price meals must be filled out completely and returned to the cafeteria immediately. **A new application is required every year.** Students applying for free or reduced price meals are expected to pay full price until approval notification is received from the Child Nutrition office.

Free and Reduced Meal Applications are available to all students the first day of school. The FAR Application is a FAMILY APPLICATION. Only one application is required per household when applying for free and reduced price benefits. Pre-registration of the FAR Application is made available prior to school starting to assure immediate benefits to those students whose parents take advantage of this service. Any new students to our district arriving after the opening of the school year may complete an application in the Child Nutrition Office and have the application processed to receive a meal number. Questions concerning FAR Application processing may be made by telephoning 776-2188.

All Child Nutrition menus meet the required meal pattern requirements as required by U.S.D.A. National School Lunch/Breakfast Program. Meals are planned with a goal of providing students with one-third of their recommended dietary allowances (RDA) for key nutrients and calories.

Extra Food: Students will be allowed to pre-pay for extra food. **Parents must notify the Cafeteria Manager if they do not wish their child to be allowed to pre-pay for extra food.** Students are allowed to go through the lunch line one time only. A student may not come back through the line to purchase additional items. Students are encouraged to bring exact change on a daily basis when purchasing extra items such as milk, ice cream etc. Please do not send bills larger than \$10.00 whenever possible. This will help speed up the lunch line and help ensure that each student has enough time to enjoy his or her meal.

Students are not permitted to bring lunches in commercial wrappers or containers.

FOREIGN EXCHANGE STUDENTS

Due to over-crowding, a limited number of foreign exchange students will be accepted in each school year. Anyone interested in hosting a foreign exchange student should obtain approval, prior to July 1, from the principal of the school which the student wishes to attend. A limit of two foreign exchange students per year will be allowed. All international foreign exchange students will be classified no higher than the 11th grade (junior).

INCLEMENT WEATHER POLICY

When bad weather threatens, all schools are equipped with either a weather-band radio or the weather channel on television, which the administration monitors constantly. During a tornado warning, all children are brought into the main building and arranged in the most secure manner possible. Students housed in portables are subject to movement into the main building at any time during bad weather, at the Principal's discretion.

Tornado Warning

- Buses and car riders are not dismissed, and students are secured in the main buildings.

Snow/Ice/Inclement Weather

This type of weather creates an entirely different problem because of its unpredictable nature. Since lost days must be made up; our basic philosophy is that we will have school unless or until conditions (icy roads, downed power lines) dictate otherwise.

In the event of inclement weather, the decision to cancel classes will be made by the Superintendent. An Alert Now message will be sent to the homes of our students and staff as well as TV and radio notifications.

INTERFERENCE WITH SCHOOL BUSES

It is unlawful for any individual to board a school bus, other than a student scheduled to, a member of the public school administration or faculty, or a law enforcement official. State law prohibits unauthorized board of school buses or interference with passenger boarding or leaving, under penalties of fines and/or imprisonment. (State Code 37-41-2) **Contact the Transportation Director to discuss a bus concern (601) 776 – 1048.**

TITLE I PARENT INVOLVEMENT POLICY

It shall be the policy of the Quitman School District to ensure that parents are involved in the planning, design, and implementation of the Title I program in the district and shall provide such reasonable support for parental involvement activities as parents may request in accordance with current federal regulations. It is our belief that parental involvement, interest, and guidance are major factors in successful schooling. As such, the Title I program shall:

1. Convene annually a public meeting, to which all parents of participating children will be invited, to discuss with those parents the programs and activities provided with Title I funds. The discussion will include informing parents of their right to consult in the planning, design and implementation of the Title I project. Further, it will solicit parent's input and will provide parents an opportunity to establish mechanisms for maintaining ongoing communications among parents, teachers, and Title I staff.
2. Use parent/teacher conferences to discuss methods of instruction that parents can use to strengthen the child's instruction.
3. Provide compacts in student handbooks that will require a commitment from the teacher, parent, and student defining their personal responsibilities for student learning.
4. Provide parent with reports of their children's progress on a consistent on-going basis.
5. Ensure, to the extent possible, that all information sent home is in a language and form parents can understand.
6. Coordinate and integrate parental involvement strategies under this part with parental involvement strategies under other programs, such as Head Start, Project Clarke, etc.
7. Inform parents of the availability of parent centers in the district that will offer materials and suggestions for helping children with their homework. Parenting skills workshops will be offered along with other workshops of interests for parents as a part of the center's services which will include opportunities to parents for learning about child development and child rearing issues that affect children's learning.

8. Inform parents of the GED and other continuing education courses that are available for improving their parenting skills.
9. Provide parents with overall evaluation of Title I.
10. Keep parents informed of Title I activities through newsletters and parent meetings.
11. Make Title I educational personnel readily accessible to parents when needed.
12. Arrange meetings at a variety of times such as mornings, evenings, etc. to maximize opportunities for parents to participate in school-related activities.
13. Provide training and individual support from Title I Parent Liaison and other staff.
14. Participate in at least two parent meetings each year to review progress of the Title I program at each participating school site by sharing current data (testing data, evaluation information, etc.).
15. Make parents aware of any school improvement plans for participating buildings along with any state and/or local educational goals.

VISITORS

- Visitors, parents, friends, solicitors, or anyone else coming onto any campus or into any school building for any reason must first obtain permission from the principal or office personnel to visit or make personal contact with students or teachers. Visitors will be issued a visitor's pass only after being approved! **Classroom visits must be prearranged with the principal.**
- Staff members shall routinely check with visitors to confirm that they have permission from the office to visit. If permission has not been secured, the teacher should immediately escort the visitor to the principal's office.

• **Parent Conferences**

If your parent/guardian would like a parent conference, they may call the school secretary: Lower Elementary - 776-6156; Upper Elementary - 776-6156; Junior High - 776-6243; High School - 776-3341; Career & Technology Center - 776-5219. Teachers may meet with parents after school (3:30 p.m.) or during the teacher's preparation period. Monday afternoons are reserved for staff development. Please have parents call at least one day before they need the conference so we can be sure the teacher has no conflicts.

- **RECORDING OF MEETINGS** It is the practice of the Quitman School that recording of meetings between parents and school personnel will not be allowed. The only exception to this rule is that if the parent has a physical or mental disability that otherwise prohibits him/her from appropriate participation in the meeting or if the parent lacks the ability to read or write.

• **Parent Center**

The Parent Center is located in the Lower Elementary. This center provides information and help for parents. For more information on the Parent Center, call the Parent Liaison at 776-6156.

WITHDRAWING A STUDENT

- A conference with the Principal and Counselor is strongly recommended before students withdraw from school.
- Students should bring all textbooks to return and/or pay for all books not returned.
- Students will pay all fines and fees due before records are released.
- A parent or legal guardian must accompany students of compulsory attendance age during withdrawal proceedings.
- Unofficial copies of withdrawal records will be given to students and parents at time of withdrawal.
- Official records will be released to new school upon request from the new district.

GPA'S and QPA'S: Quitman High School

Grade Point Averages (GPA)

Grade point averages are reported to the Mississippi Department of Education for MTAG and MESH qualification. They are also used by colleges for scholarship and financial aid determinations. **GPA'S will be calculated by the computer on the standard system of:**

4.0 = A 3.0 = B 2.0 = C 1.0 = D 0 = F

Quality Points Average (QPA)

A quality point system will be utilized to compute and determine the rank-in-class of graduating seniors and determining the selection of Valedictorian and Salutatorian. Rank-in-class is defined as the comparison of a student's academic performance with those of the members of his/her graduating class. Class rank computed on the basis of quality grade-point average, projects a more accurate profile of academic performance. It is also designed to encourage many good students to enroll in more challenging courses. Students in advanced courses earn additional quality points directly proportionate to regular courses. In this way, those students in courses of average academic difficulty set the 4.0 norm. Additional quality points assigned to advanced academic courses merely serve to achieve a more accurate class ranking.

After a course has been passed, no future grade earned in the same course is to be used in determining class rank. This change will take place with the incoming 9th grade class of the 2013-2014 school year.

The semester grade for each academic subject carrying one-half unit or more is converted on the quality-point scale and the quality points are added together and then divided by the total number of semester grades. All grades, passing and failing, are included. The rank is computed at the end of the first semester of the senior year and again at the end of the third nine weeks. Any class taken through Mississippi Virtual Public School will be calculated in the QPA for the semester average but not the 3rd nine weeks average. The end-of-year rank and quality point average will be posted on all school records.

QUALITY POINTS AVERAGE (QPA) CALCULATION SYSTEM

Regular Course	+0.5 Weight*	+1.0 Weight*
A = 4.0	4.5	5.0
B = 3.0	3.5	4.0
C = 2.0	2.5	3.0
D = 1.0	1.5	2.0
F = 0	0	0

* +0.5 Weight: Accelerated English Courses, Calculus, Trigonometry, Advanced Algebra, Pre-Calculus, Statistics, Discrete Math, Chemistry II, Human Anatomy, and Physiology.

* +1.0 Weight: Advanced Placement Courses

** Students who take an Advanced Placement Course(s) are required to take the AP exam at their own expense.

*** In the case of a tie for Valedictorian, the student's numeric average of all courses taken for credit will preside over the Quality Points Average (QPA).

GRADING AND REPORT OF PROGRESS FOR STUDENTS WITH DISABILITIES UNDER THE INDIVIDUALS WITH DISABILITIES EDUCATION ACT

The policy used for reporting grades or progress for students with disabilities will be as follows:

- The grading system used in the regular education program will be utilized for students who receive instruction through the regular education program and are expected to master the same objectives as regular education students.
- For students who receive instruction through the regular education program but an alternate or parallel curriculum (which differs from that provided to grade level peers) is taught, grades will be assigned for each academic area addressed on the student's Individualized Education Program (IEP). Grades given will be based on the mastery of objectives/benchmarks outlined on the IEP using the regular education grading system with input from both the regular and special education teachers. The student's report card will reflect that these grades are based on objectives/benchmarks outlined in the student's IEP. For those students in grades K-2, the regular education mathematics, reading and/or language arts benchmarks being taught will be marked according to the district's grading system. Any benchmark listed on the K-2 report card that is not being taught, according to the IEP, will be indicated as not applicable. At the end of each nine (9) weeks (or more often as outlined on the IEP), the Report of Progress for each objective/benchmark on the Annual Service Goal Page(s) of the IEP will also be completed and forwarded to the parent(s). The student will not earn Carnegie unit credit toward a regular high school diploma for this type of curriculum instruction.
- For students who receive direct instruction in academic areas from a special education teacher, grades will be assigned for each academic area based on mastery of objectives/benchmarks identified on the student's IEP using the regular education grading system. The student's report card will reflect that these grades are based on objectives/benchmarks addressed in the student's IEP. For those students in grades K-2, the regular education mathematics, reading and/or language arts benchmarks being taught will be marked according to the district's grading system. Any benchmark listed on the K-2 report card that is not being taught, according to the IEP, will be indicated as not applicable. At the end of each nine (9) weeks (or more often as outlined on the IEP), the Report of Progress for each objective/benchmark on the Annual Service Goal Page(s) of the IEP will also be completed and forwarded to the parent(s). The student will not earn Carnegie unit credit toward a regular high school diploma for this type of curriculum instruction.
- For students who receive direct instruction from a special education teacher in functional/life skills areas or from a speech pathologist in a language/speech area(s), grades will be given for each area based on mastery of objectives/benchmarks addressed on the student's IEP using the following grading system: N = No Progress Made; P = Progress Made; M = Objectives Taught During This Grading Period Mastered Based on Criteria Outlined on IEP.
- The student's report card will reflect that these grades are based on objectives/benchmarks addressed in the student's IEP. For students in grades K-2, the regular education report card will be completed when benchmarks on the report card are reflected in the student's IEP. At the end of each nine (9) weeks (or more often as outlined on the IEP), the Report of Progress for each objective/benchmark on the Annual Service Goal Page(s)

of the IEP will also be completed and forwarded to the parent(s). The student will not earn Carnegie unit credit toward a regular high school diploma for this type of curriculum instruction.

Any student enrolled in regular education courses who does not meet course requirements, even though accommodations and modifications have been implemented in accordance with the student's IEP, may receive a failing grade.

GRADUATION POLICY FOR STUDENTS WITH DISABILITIES UNDER THE INDIVIDUALS WITH DISABILITIES EDUCATION ACT

Quitman School District's students with disabilities and their parents/guardians shall be given the option for the student to work toward a high school diploma, an occupational diploma or a certificate of life skills completion. This decision will be determined at the student's Individual Education Plan (IEP) meeting prior to his/her entering the ninth grade. When considering the occupational diploma as an option, the IEP Committee must include a school counselor. The IEP shall thereafter reflect the option selected by the IEP Committee and shall specify whether the student is seeking a high school diploma, an occupational diploma or a certificate of like skills completion. Students with disabilities will be issued a regular education high school diploma, an occupational diploma or a certificate of life skills completion as follows:

1. Students pursuing a regular education high school diploma must meet the requirements set forth by the State Board of Education and the Quitman School District. Special education and related services will be provided to assist a student in reaching this goal based on the student's IEP.
2. Students who choose the occupational diploma will be required to complete the criteria as designated in the occupational diploma curriculum requirements.
3. For those students pursuing a certificate of life skills completion, a curriculum of basic life skills will be utilized for instructional purposes. Transition services will be provided based on each student's preferences and interests, his or her IEP and the planned outcomes for post-secondary activities specific to the student. As determined appropriate by the IEP Committee, transition services may include –
 - ❖ Instruction in functional academics;
 - ❖ Community experiences;
 - ❖ Adult living;
 - ❖ Employment skills;
 - ❖ Related services; and
 - ❖ If appropriate, daily living skills and a functional vocational evaluation.
4. An IEP Committee will review the previous exiting option decision for each student at least annually. The committee, along with the parent(s) and, if appropriate, the student, may change the original or previous decision regarding the student's exiting option.
Every student who completes an approved course of study by or before age 21 will receive a regular education high school diploma, an occupational diploma or a certificate of life skills completion and will be permitted to participate in graduation activities.

GRADUATION REQUIREMENTS

Beginning school year 2008-2009 and thereafter, all entering ninth graders (seniors of school year 2011-2012 and later) will be required to have a minimum of 24 Carnegie units as specified below, unless their parent/guardian requests to opt the student out of Appendix A-3 requirements. Any student who is taken out of these requirements of Appendix A-3 will be required to complete the graduation requirements as specified in Appendix A-2. MS-CPAS -- CAREER AND TECHNOLOGY EDUCATION STATE TEST

The Clarke County Career and Technology Center (CCCTC) administers the MS-CPAS, a battery of exams used by the Mississippi Department of Education to evaluate students enrolled in Career and Technical Educational (CTE) skill programs, each spring. All first and second year students enrolled in CTE programs at CCCTC must take their program’s end-of-the-year MS-CPAS exam. Student scores from their respective MS-CPAS exam will be used to calculate each student’s final grade for their respective program.

Typically MS-CPAS test scores fall into one of the following categories:

Advanced	scores >80
Proficient	scores 70 to 80
Basic	scores 50 to 69
Minimum	scores < 50

Conversion Grades Based Upon Students’ MS-CPAS Scores:

Each student’s MS-CPAS test score will count as their fourth 9 weeks exam.

MS-CPAS scores will be assigned specific grades as indicated below:

Students scoring >80 (Advanced) will receive a “100”

Students scoring 70 to 80 (Proficient) will receive a “90”

Students scoring 61 to 69 (High Basic) will receive an “80”
Students scoring 55 to 60 (Middle Basic) will receive a “70”
Students scoring 50 to 54 (Low Basic) will receive a “60”
Students scoring below 50 (Minimum), MS-CPAS score will be their grade.

MISSISSIPPI VIRTUAL PUBLIC SCHOOLS (MVPS)

All courses taken through Mississippi Virtual Public Schools (on-line courses) must be approved by both the principal and the counselor. Classes will be limited to one course per semester in most cases. Please note that students will not receive a grade for the nine weeks grading period as MVPS only issues grades by the semester.

PROGRESS REPORTS AND REPORT CARDS

During the fifth week of each nine week term, the teachers will give each student a Progress Report to be taken home and signed by the student’s parents or guardian and returned to the teacher.

Report cards will be issued at the end of each nine weeks.

Students from other school systems with differing grading scales enrolling in a Quitman School District school will have grades transferred into the Quitman School District School according to the district scale.

- No retest will be taken during class time.
- The retest must be completed within three days of the return of the original test.
- The teacher may require the student to attend a before or after school review session prior to the test.
- The retest is a different test which tests the same concepts/material as the first test.
- The retest score will replace the original score with a maximum of 60%.
- Semester exams are not eligible for retesting.
- Student may request one retest per nine-week, per course.
- Retest will count on the grading period of the original test.

STUDENT PARTICIPATION - NO PASS-NO PLAY

Mississippi High School Activities Association

To be eligible for athletic competition and co-curricular activities, students must meet the minimum scholastic requirements stated below. Eligibility will be determined at the end of each semester in compliance with the new Children First Act.

Middle/Junior High Eligibility

To be eligible only for middle/junior high activities, a student must have passed any four courses (that meet the equivalent of 250 minutes per week and meet MDE requirements) with a 2.0 average for the preceding semester (computed numerically or by GPA). The year-end average for the spring semester will be used to compute averages for the fall semester. Students must be on track to be promoted to be eligible.

To be eligible for high school activities, the middle/junior high school student must have passed the four core courses (English, math, science, and social studies) with a 2.0 average for the preceding semester (computed numerically or by GPA). The year-end average for the spring semester will be used to compute averages for the fall semester. Students must be on track to be promoted to be eligible.

Summer school or extended school year grades will replace the grade for a failed course in the spring semester GPA.

High School

- To be eligible, a student must have a 2.0 on a 4.0 scale for the 1st semester of the year to participate in the 2nd semester of that school year and a 2.0 for the year-end average of the school year to be eligible to participate

in the 1st semester of the next school year. According to the MHSAA, students must also stay on graduation track as well as having a 2.0

- The MHSAA allows a student to become eligible only once for the second semester of a school year if that student was ruled ineligible using their year-end average. This can only happen once for that student, because the MHSAA requires the student to stay on graduation track.
- A student can gain credits toward eligibility through summer school courses, correspondence courses, and credit recovery. The grade earned in those courses would be used in computing the year-end average for the spring semester in place of the original grade.

SUMMER SCHOOL CREDITS

Secondary students in grades 6 - 12 must receive approval from their counselor and written permission from the high school principal to take a summer school credit other than Quitman High School. (Only one credit is accepted, as per Mississippi Public Schools Accountability Standards, and eligibility requirements of the Mississippi High School Activities Association).

Transfer students attending summer school at an institution other than the one in which the student was enrolled during the previous school year, must have the credits accepted and recorded on the school records of the institution in which the student was enrolled during the full school year before the records are forwarded to Quitman Schools. (Only one credit will be accepted for summer school work sent directly from a non-public school).

STUDENT CONDUCT

ADMINISTRATIVE DISCIPLINARY PROCEDURES

School Administrators have a number of discipline options available. These may range from student/parent conferences to suspensions and, in some cases, expulsions. When school administrators are determining which particular consequence to impose, the seriousness and frequency of the misconduct and the students previous discipline referrals are primary considerations

ACCEPTABLE USE POLICY FOR STUDENTS, STAFF, AND VISITORS

Policy: IFBGA Revised: 06/13/16

The Quitman School District is dedicated to the use of technology as a tool to enhance learning, increase academic productivity and achievement, and promote creativity. The Internet and the use of technology communication tools are extremely valuable for collaboration, publishing, and interacting with peers, experts, and other audiences. Specifically, the use of the Internet provides opportunities to access a wide variety of information, reference materials, and educational resources world-wide. However by its very nature, the free-flowing, uncensored exchange of information and communication that characterizes the Internet has forced the issue of how and by whom the network should be used. In addition, the smooth operation of the network relies on the proper conduct of each user who must adhere to strict guidelines. To this end, Congress has enacted the Children's Internet Protection Act (CIPA), a federal law that address concerns about access to offensive content over the Internet on school and library computers. CIPA imposes certain types of requirements on any school or library that receives funding for Internet access or internal connections from the E-rate program – a program that makes certain communications technology more affordable for eligible schools and libraries.

What CIPA Requires

- Schools and libraries subject to CIPA may not receive the discounts offered by the E-rate program unless they certify that they have an Internet safety policy and technology protection measures in place. An Internet safety policy must include technology protection measures to block or filter Internet access to pictures that are: (a) are obscene, (b) child pornography, or (c) harmful to minors (for computers that are accessed by minors).
- Schools and libraries must also certify that, as part of their Internet safety policy, they are educating minors about appropriate online behavior, including cyber-bullying awareness and response and interacting with other individuals on social networking sites and in chat rooms.
- Schools subject to CIPA are required to adopt and enforce a policy to monitor online activities of minors.
- Schools and libraries subject to CIPA are required to adopt and implement a policy addressing: (a) access by minors to inappropriate matter on the Internet; (b) the safety and security of minors when using electronic mail,

chat rooms, and other forms of direct electronic communications; (c) unauthorized access, including so-called “hacking,” and other unlawful activities by minors online; (d) unauthorized disclosure, use, and dissemination of personal information regarding minors; (e) restricting minors’ access to materials harmful to them; (f) the education of minors about appropriate online behavior, including interacting with other individuals on social networking sites and in chat rooms; and (g) the education of minors about cyber bullying awareness and response.

In order to meet the requirements of CIPA, Quitman School District has put into place a technology protection measure for blocking access to content that is obscene, pornographic, or detrimental in general. Recognizing that no filtering solution can be 100 percent effective, it is understood that all technology protection measures do not and will not work perfectly. In complying with CIPA, schools are expected to engage in a “good faith effort” to abide by the requirements of CIPA. CIPA does not create a private right to action, meaning that the discovery of objectionable material on a computer cannot result in a lawsuit complaining that a school or district violated CIPA.

The availability of any information on the Internet does not imply endorsement by Quitman School District. The school board makes no assurances of any kind, whether expressed or implied, regarding any Internet services provided. Neither the individual school nor school district is responsible for any damages the student/user may suffer. Use of any information obtained via the Internet is at the students’/users’ own risk. This board and school district specifically denies any responsibility for the accuracy or quality of information or software obtained through its services. Quitman School District cannot assume any liability arising out of the illegal or inappropriate use of technology resources. The District also reserves the right to monitor any users’ network activities. Therefore, users should have no expectation of privacy concerning the use of the Quitman School District network. This includes, but is not limited to, all electronic communication such as e-mail, blogging, instant messaging, chatting, etc.

Use of the district/school network and the Internet is a privilege, not a right. Inappropriate use may result in cancellation of that privilege. The superintendent or designee(s) shall make all decisions regarding whether or not a user has violated these procedures, and may deny, revoke, or suspend access at any time. All communications and information accessible via the network would not be assumed to be private property.

As a result of meeting the requirements set forth above, Quitman School District has created an acceptable use policy to ensure safe and legitimate uses of the Internet and the District’s network and computers. This policy is provided so that the user and/or parent (or guardian) of the user are aware of the responsibilities you are about to assume. In general, this requires efficient, ethical, and legal utilization of the network resources.

AUP Requirements

All students will be required to submit a signed and completed Acceptable Use Policy (AUP) every academic year to their school’s administration before using any district computer or network. This policy will be sent home in the opening school packet and must be filled out and signed by students and their parent(s)/ guardian(s). The signed copy will then be forwarded to the Technology Department to keep on file. Staff members and district visitors will also be required to sign an AUP each academic year which will be collected at their specific site, before using any District computers and network. The signed copy will then be forwarded to the Technology Department to be kept on file. All users, with or without a signed AUP must comply with every aspect of this policy. Any violation of this policy may result in disciplinary and/or criminal action. Users are also expected to report any security problems or misuse of district technology.

User Rights and Responsibilities

1. The Internet is considered a limited forum, similar to a school newspaper, and therefore Quitman School District may restrict user's right to free speech for valid educational reasons. Quitman School District will not restrict user's right to free speech on the basis of disagreement with the opinions expressed by the user.
2. User shall have the responsibility to use computer resources for academic purposes only. Therefore, as mandated by CIPA, filtering will be utilized on all computers accessing the Internet. The only exception will be for academic research by a staff member with the approval of school or district administration.
3. User should not expect files stored on school-based computer to remain private. Authorized staff will periodically inspect folders and logs of network usage and will be kept at all times. Routine review and maintenance of the system may indicate that user has violated this policy, school codes, municipal law, state law or federal law. Parents of minor users shall have the right to inspect the contents of user's files.
4. Under no conditions should a user provide his/her password to another person or use another person's password.
5. Use of the Internet is a privilege, not a right. Unacceptable and/or illegal use may result in denial, revocation, suspension, and/or cancellation of the user's privileges, as well as disciplinary action imposed by school officials.
6. Because of the fluid nature of the Internet and the increasing use of certain Web 2.0 technologies for educational purposes, a user may find that a website has been blocked by the content filter. A request for approval can be made to unblock the site in question as long as it provides the educational merit and intent for the parties involved without sacrificing the policies and guidelines set forth and contained within. The request must be made by a staff or faculty member of the District. This request will be reviewed by the appropriate school or district personnel and if found not to cause conflict with this policy, a change will be made to allow access to the site. A request to block a site can also be made if found to be of objectionable or harmful content.
7. Use of the Quitman School District system for management of businesses, websites not directly relating to the education of students in the Quitman School District, or for personal affairs is strictly prohibited.
8. Network security is a high priority. If a user identifies or perceives a security problem or a breach of these responsibilities on the Internet or on the QSD network, the user must immediately notify the appropriate faculty/staff member or designee or other identified staff. The user must not demonstrate the problem to other users or students.
9. Quitman School District will fully cooperate with local, state or federal officials in any investigation related to illegal activities conducted through the user's Internet account.

Guest/Community Usage

1. All users of the Quitman School District's networks and computer systems are bound to the same rights and privileges as listed above.
2. Misuse of the Quitman School District's networks and computer systems will not be tolerated. Privileges will be revoked for any user who is found to be in violation of these said practices.

Individual schools within the district may create additional guidelines and procedures consistent with this policy. Such guidelines and procedures will be appropriate for the electronic information resources being used and the students served at the school.

Social Networking Websites

All employees, faculty and staff of the Quitman School District who participate in social networking websites (like MySpace or FaceBook) shall not post any data, documents, photos or inappropriate information on any website that might result in a disruption of classroom activity. This determination will be made by the Superintendent. Employees, faculty and staff should not give social networking website passwords to students. Fraternalization via the internet between employees, faculty or staff and students is prohibited and violation of any of these policies may result in disciplinary action, up to and including termination. Nothing in this policy prohibits employees, faculty, staff or students from the use of educational websites, like www.schoolnotes.com and www.QuitmanSchools.org since these sites are used solely for educational purposes. Access of social networking websites for individual use during school hours is prohibited.

Consequences for Failure to Follow Terms and Conditions of the Acceptable Use Policy

There will be consequences for any user who fails to follow the Quitman School District and school guidelines and policies. The consequences may include paying for damages, denial of access to technology, detention, suspension, expulsion or other remedies applicable under the school disciplinary policy, and state or federal law. At the discretion of the Quitman School District, law enforcement authorities may be involved and any violations of state and/or federal law may result in criminal or civil prosecution.

ALTERNATIVE SCHOOL

The Quitman School District will offer an alternative school program for secondary compulsory school age students whose behavior is such that it curtails or disrupts the learning environment. The alternative school program will be implemented after "regular" interventions for behavior modifications prove ineffective.

BOOK BAG POLICY

It is board policy that no student in grades 6 - 12 will be allowed to bring a book bag or any other carrying bag to school. (Descriptor Code JCBG)

Students may bring purses that do not exceed 7 inches in width by 10 inches in length.

BULLYING POLICY

STUDENT BULLYING

Policy JDDA Date Issued: 06/14/10

The Quitman School District does not condone and will not tolerate bullying or harassing behavior. Bullying or harassing behavior is any pattern of gestures or written, electronic or verbal communications, or any physical act or any threatening communication, or any act reasonably perceived as being motivated by any actual or perceived differentiating characteristic that (a) places a student or school employee in actual and reasonable fear of harm to his or her person or damage to his or her property, or (b) creates or is certain to create a hostile environment by substantially interfering with or impairing a student's educational performance, opportunities or benefits. A "hostile environment" means that the victim subjectively views the conduct as bullying or harassing behavior and the conduct is objectively severe or pervasive enough that a reasonable person would agree that it is bullying or harassing behavior. Bullying or harassing behavior will not be condoned or tolerated when it takes place on school property, at any school-sponsored function, or on a school bus, or when it takes place off school property when such conduct, in the determination of the school superintendent or principal, renders the offending person's presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupils and teacher of such class as a whole.

The Quitman School District will make every reasonable effort to ensure that no student or school employee is subjected to bullying or harassing behavior by other school employees or students. Likewise, the District will make every reasonable effort to ensure that no person engages in any act of reprisal or retaliation against a victim, witness or a person with reliable information about an act of bullying or harassing behavior. The District encourages anyone who has witnessed or has reliable information that a student or school employee has been subject to any act of bullying or harassing behavior to report the incident to the appropriate school official.

The Board of Trustees directs the superintendent or designee to design and implement procedures for reporting, investigating, and addressing bullying and harassing behaviors. The procedures should be appropriately placed in District personnel policy handbooks, school handbooks that include discipline policies and procedures, and any

other policy or procedure that deals with student or employee behavior. The discipline policies and procedures must recognize the fundamental right of every student to take “reasonable actions” as may be necessary to defend himself or herself from an attack by another student who has evidenced menacing or threatening behavior through bullying or harassing. Furthermore, the Quitman School District defines “reasonable action” as promptly reporting the behavior to a teacher, principal, counselor, or other school employee when subjected to bullying or harassing behavior. Ref: SB 2015; Miss. Code Ann. § 37-7-301(e)

STUDENT COMPLAINTS OF BULLYING OR HARASSING BEHAVIOR

Policy JDDA-P Date Issued:6/14/10

Students and employees in the Quitman School District are protected from bullying or harassing behavior by other students or employees. It is the intent of the Board and the administration to maintain an environment free from bullying and harassing behavior. This complaint procedure provides a process for filing, processing and resolving complaints of such conduct. Adherence to these procedures is mandatory. The failure of any person to follow these procedures will constitute a waiver of the right to pursue a complaint at any level, including review by the Board.

I. Definitions

Bullying or harassing behavior is any pattern of gestures or written, electronic or verbal communications, or any physical act or any threatening communication, or any act reasonably perceived as being motivated by any actual or perceived differentiating characteristic that (a) places a student or school employee in actual and reasonable fear of harm to his or her person or damage to his or her property, or (b) creates or is certain to create a hostile environment by substantially interfering with or impairing a student's educational performance, opportunities or benefits.

A "hostile environment" means that the victim subjectively views the conduct as bullying or harassing behavior and the conduct is objectively severe or pervasive enough that a reasonable person would agree that it is bullying or harassing behavior.

Bullying or harassing behavior will not be condoned or tolerated when it takes place on school property, at any school-sponsored function, or on a school bus, or when it takes place off school property when such conduct, in the determination of the school superintendent or principal, renders the offending person's presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupils and teacher of such class as a whole.

II. Procedures for Processing a Complaint

Any student, school employee or volunteer who feels he/she has been a victim of bullying or harassing behavior, or has witnessed or who has reliable information that a student, school employee or volunteer has been subject to bullying or harassing behavior shall report such conduct to a teacher, principal, counselor or other school official. The report shall be made promptly but no later than five (5) calendar days after the alleged act or acts occurred. The school official shall complete a “Bullying/Harassing Behavior” complaint from which shall include the name of the reporting person, the specific nature and date of the misconduct, the names of the victim of the misconduct, the names of any witnesses and any other information that would assist in the investigation of the complaint. The report shall be given promptly to the principal or superintendent who shall institute an immediate investigation. Complaints against the principal shall be made to the superintendent and complaints against the superintendent shall be made to the Board chairman.

The complaint shall be investigated promptly. Parents will be notified of the nature of any complaint involving their student. The District official will arrange such meetings as may be necessary with all concerned parties within five (5) working days after initial receipt of the complaint by the District. The parties will have an opportunity to submit evidence and a list of witnesses. All findings related to the complaint will be reduced to writing. The District official conducting the investigation shall notify the victim and parents as appropriate when the investigation is completed and a decision regarding disciplinary action, as warranted, is determined.

If the victim is not satisfied with the decision of the District official, he/she may submit a written appeal to the superintendent. Such appeal shall be filed within ten (10) working days after receipt of the results of the initial decision. The superintendent will arrange such meetings with the victim and other affected parties as deemed necessary to discuss the appeal. The superintendent shall provide a written decision to the victim's appeal within ten (10) working days.

If the victim is not satisfied with the decision of the superintendent, a written appeal may be filed with the Board. Such appeal shall be filed within ten (10) working days after receipt of the decision of the superintendent. The Board of Trustees shall, within twenty (20) working days, allow the victim and parents as appropriate to appear before the Board to present reasons for dissatisfaction with the decision of the superintendent. The Board shall provide a written decision within ten (10) working days following the victim's appearance before the Board.

BUS CONDUCT

Any violation of conduct by students, performed while on the school bus, waiting to board the school bus, or departing from the school bus, shall be addressed by utilizing the assertive discipline steps prescribed for elementary and secondary levels in the respective handbooks. Students may be denied the privilege of riding the bus because of improper behavior, including the suspension of the privilege of riding the bus for the remainder of the school year, if the Superintendent determines the action is necessary for the safety of the other students on the bus. (MS State Code 37-7-301,e). Consequences for misconduct on the bus will be consistently applied. Disciplinary problems on a bus may result in loss of riding privileges.

Any questions regarding school transportation should be directed to Office of Transportation, Quitman School District, (601) 776-1048.

SCHOOL BUS DISCIPLINE POLICY

Policy Code: JCDAD Issue Date: 06/13/2016

School bus discipline is important for student safety and bus driver effectiveness. Student transportation is a school function and requires student behavior reflective of courtesy and good manners. To support good school bus behavior, the following discipline rules will apply.

1. RESPONSIBILITIES

While Mississippi law requires the district to furnish transportation to its eligible students, parents have the responsibility of supervising the students until they board the bus in the morning and after they leave the bus at the end of the school day. Furthermore, students have the responsibility to obey all rules of conduct while waiting for, riding and leaving the bus.

The school bus driver is authorized and responsible to the school district to maintain student order and to insure safety at all times. Therefore, he is authorized to instruct and otherwise control students while they are on the bus.

The principal will be responsible for disciplining students reported to him by the driver. Questions and inquiries regarding discipline should be directed to the school principal. Questions and inquiries regarding stops, routes, and student eligibility must be directed to the Transportation Supervisor.

2. RULES OF CONDUCT

Students who do not conduct themselves properly will not be allowed to ride the bus. Students may be subjected to disciplinary action provided by district policies, including but not limited to suspension and expulsion from school or from the bus, for misconduct on the bus.

While riding a school bus, students must conform to all rules of conduct as established by Policies [JCA, JCBD, JCBF, and JCDAD] and the student code of conduct adopted by their schools.
