

# Student's Acceptable Usage Policy

## 2022 - 2023

I accept the responsibility to abide by the Quitman School District's board-approved policy on QSD network access and by the procedures as stated below in this Agreement. I understand that the use of the QSD network and of its access to the Internet is a privilege and not a right. I agree:

- To use the QSD network and the Internet for appropriate educational purposes and research;
- To use the QSD network and the Internet only with permission of designated school staff;
- To be considerate of other users on the network and to use appropriate language for the school environment;
- To not intentionally degrade or disrupt the QSD network or other obtainable network services or equipment. This includes but is not limited to tampering with computer hardware or software, vandalizing data, invoking computer viruses, attempting to gain access to restricted or unauthorized network services, or violating copyright laws;
- To report immediately any security problems or breaches of these responsibilities to appropriate staff;
- To comply with all rules and expectations included in the policies included under Acceptable Use Policy for Users and with administrative procedures and guidelines; and,
- To not divulge personal information such as addresses and telephone numbers over the Internet.

I understand that I have no right to privacy when I use the QSD network or its associated hardware/software, and I consent to the monitoring of my communications over the QSD network by school/district staff.

I also understand that any conduct that is in conflict with these responsibilities is inappropriate and may result in termination of QSD network access and possible disciplinary action.
